Declaration on Intellectual Property Right

BBW hereby declares that our business activities, including the development, procurement, and manufacturing of components, do not infringe upon the intellectual property rights (IPR) of third parties. We recognize and respect the importance of intellectual property rights, including but not limited to patents, copyrights, industrial design rights, and trademarks.

Currently, BBW procures only raw materials and intermediate products from reputed and globally recognized suppliers, including:

- Steel Coils and Sheets from JSW and Tata
- Zinc Alloy from Korea Zinc
- Double-Sided Tape from 3M

These suppliers are well-established industry leaders, and BBW sources only standard raw materials and intermediate products from them. To the best of our knowledge, these materials are free from any intellectual property rights concerns.

Our organization is committed to ensuring compliance with all applicable laws and regulations governing intellectual property rights. We undertake due diligence measures and conduct necessary checks to verify that all components, designs, inventions, and related works utilized or developed by BBW are either owned by us, used under valid licenses, or sourced from authorized suppliers who guarantee non-infringement of third-party IPR.

This declaration affirms that BBW maintains robust internal controls and vendor management processes to prevent any unauthorized use or violation of intellectual property rights. Our procurement and development activities are carried out in adherence to ethical business practices and respect for intellectual property laws.
