Declaration – LTIFR and Fatalities for Indirectly Employed Workers

BBW hereby declares that we do not have any Lost Time Injury Frequency Rate (LTIFR) incidents or fatalities for indirectly employed workers over the past three years (2024-25, 2023-24, 2022-23).

This is due to the fact that BBW does not have any in-house suppliers or indirectly employed workers within our operational framework.

This declaration is made to confirm our compliance and transparency regarding worker safety and related reporting standards.
